Requirements For DVD Slick

- Please supply a digital file.
- For best results provide artwork at a minimum resolution of 300dpi and in CMYK format not RGB.
- Ensure that a 3mm bleed area is added to all artwork.
- Ensure that crop/trim/perforation marks are added to all artwork.
- It is preferable for you to supply us with a photoshop (psd), tiff or pdf file and a colour laser copy/proof of your graphics.
- In some cases the dimensions may vary slightly depending on the actual box used.
- Please double check the dimensions against the actual box that is being used.
- Standard dimensions are 183mm x 274mm with a 12mm spine.
- The image below is not to scale!!!
